CREDIT UNION

news for you

Third Quarter 2016

Naming Your Car is a Big Deal. Getting the Right Car Loan Shouldn't Be.

When you're in need of a car loan, here's what you need to remember: a loan with a low interest rate doesn't necessarily translate to affordable monthly payments. One of our auto loan specialists can help you stay within your budget.

You can also get the loan process out of the way by getting pre-approved even before you buy the car, which will leave you with more time to focus on the important things, like the perfect name for your new ride.

So come see Patty, or one of our other specialists — Colleen, Lisa, Karmen, Arlys, Denise — who are all exceptional and ready to work for you.

Stop by, call or visit MembersOwnCU.org today to learn more.

We're Thankful for You

We continue to celebrate our customers with Thankful Thursday, which will now be held in October. Every Thursday in October, we will have something special happening at the credit union. Pay special attention to Thursday, October 20th, because there could be something big going on for International Credit Union Day. Watch for more details in your inbox and online.

Our Annual Meeting and Your New Board

Our Annual Meeting was held in Lincoln on April 17, 2016. As always, everyone enjoyed great food and stimulating conversation.

During the meeting, Jeff Chambers, Steve Hubka, John O'Neill and Don Shoening were re-elected to a 3-year term on the MembersOwn Board of Directors. Brett Wells was elected to the Supervisory Committee.

Congratulations to those serving on this year's Board of Directors: Paul Barnett (Chairperson), Jeff Chambers (Vice-Chairperson), Steve Hubka (Treasurer), Mary Lohmeyer (Secretary), Bob Biel, Deb Keyes, Chris Kortum, Darin Olson, John O'Neill and Don Schoening.

An Enterprising Partnership

We love working with companies that mirror our values. Enterprise Car Sales has impressed us with their commitment to quality and approach to customer service, so partnering with them was a no-brainer.

Enterprise is now offering all MembersOwn members great specials for their car-buying consideration.

Right now, you'll receive \$250 on top of the Kelley Blue Book trade-in value when you trade in your car for a new one.

Make the process even easier by stopping by one of the MembersOwn branches and get pre-approved for a car loan. Then head to Enterprise and find your perfect ride.

A special thanks goes to Arlen Nies, who served on the Supervisory Committee. He is retiring this year and it's safe to say we'll miss him.

To see our 2015 Annual Report that was presented at the Annual Meeting, head to MembersOwnCU.org and search "annual report."

Cars and Dogs

Our friends at Enterprise Car Sales want to treat our members to fresh off the grill hot dogs on Wednesday, July 20th.

Come down, snack on a hot dog and enjoy the gathering. And if you happen to be in the market for a car, Enterprise will have a couple of cars on hand for you to check out.
