Spam, Shams, and Other Scams on the Rise

Fraudsters pressure people to make important decisions on the spot by using innovative schemes on age-old scams. Their multi-channel approach can involve phone calls, emails, online banking, and texting.

Fraudsters look for victims who find their stories convincing enough to willingly share sensitive information, which can be used to authorize and transact wire, ACH, plastic card, and other types of transactions. Thankfully, MembersOwn is AARP BankSafe Certified.

Stay safe against fraud and learn more at MembersOwnCU.org/Fraud-Prevention.
