A Message from Our President

Ninety years ago, a group of people came together with a simple goal, to serve their community.

That spirit continues to guide us today. MembersOwn Credit Union was founded on the belief that when we work together, we all succeed. For nine decades, our members have trusted us to be part of their financial journey, and that trust means everything.

As we celebrate this milestone, I want to thank you for being part of our story. It is a privilege to serve you, and we remain committed to supporting you and our community for many years to come. - *Linda Carter, President*
